

Miss Julie's Learning at Home Activity The Water Xylophone

Related Special Education Lesson Airs March 26, 2021 on WQLN PBS

How to Make

Materials:

- Glasses – about 6
- Water
- A spoon
- Food coloring

Directions:

1. Fill the glasses with different amounts of water.
2. Put different colors of food coloring in each to make it colorful.
3. Tap the glasses to hear the different notes.
4. Have fun and play a song!

Extension:

Fill a glass slowly with water as you are tapping it and see what happens! Does the tone get lower or higher?
