

Miss Debbie's Learning at Home Activity Making a Stuffed Bunny

Related to **ELA Lesson** Airs March 29, 2021 on WQLN PBS

How to Make

Materials:

- Cotton material,
Size depends on what size bunny you're making
- Washable filling
- Ribbon
- Pinking Shears (optional)
- Glue or Sewing machine

Directions:

Trace a bunny pattern on the back side of your material. Have an adult cut it out with pinking shears (zig zag blades) or regular shears. Sew or glue around the edges, leaving the bottom of the bunny open. When glue is dry, stuff the bunny with filling. Next, sew up the final opening of the bunny. Then tie a ribbon around its neck. Now it's time to cuddle up with your new bunny and a good book!
