

Miss Heather's Learning at Home Activity Handprint Bunny Craft

Related **Science Lesson** Airs April 2, 2021 on WQLN PBS

How to Make

Materials:

- Primary colored "washable" paint
- Paint brushes
- Paper for painted handprint
- Googly eyes
- Pink paper for nose (or pink crayon or marker)
- Black marker for mouth and whiskers
- Glue stick

Directions:

1. Paint one hand using a primary color (red, blue or yellow)
2. Paint your other hand a different primary color (red, blue or yellow), do not paint thumbs
3. Place hands together and rub them together to blend the paint
4. Place one of your hands on the paper with middle finger and ring finger separated to form a "V". These will be the ears for the bunny. (see picture above)
5. Glue googly eyes or draw them on if you don't have any
6. Glue a little pink nose made from pink paper or just draw one on with a crayon or marker
7. Draw mouth and whiskers
