

Miss Julie's Learning at Home Activity

Making a Seed Pod

Related **Science Lesson** airs May 7, 2021 on WQLN PBS

How to Make

Materials:

- Newspaper or any type of used old paper.
- Packets of flower seeds
- Water
- A big bowl
- A blender
- Colander
- Cookie cutters or cupcake pan

Directions:

1. Have the kids rip the paper up in very small pieces into the bowl.
2. Add water to soak the paper.
3. Let the paper soak for a while.
4. Put small amounts into a blender to make it mushy.
5. Put through a colander to drain most of the water.
6. Put it back into a bowl and add the flower seeds.
7. Mix up with your hands and make shapes with the cookie cutters or cupcake pan.
