

"Alphabet Kitchen"

On-Line Course for Educators

This 5-hour multimedia course is designed for educators who want to learn ways to promote healthy eating while reviewing the letters of the alphabet.

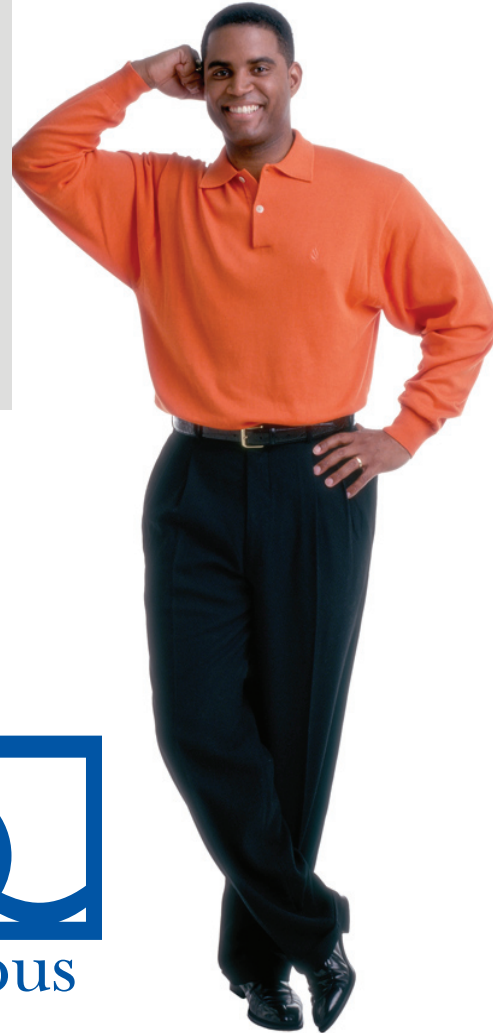

Learn how to encourage healthy eating habits through lessons in science, geography, reading, mathematics, health, and technology! "Alphabet Kitchen" is a fun, on-line learning experience for preK-8 educators.

Short, multimedia lessons will help you learn more about the three states of matter, traffic laws, different forms of measurement, and so much more! Alphabet Kitchen consists of 26 lessons geared to students in pre-school through eighth grade. Each lesson meets at least one Pennsylvania state academic standard. Grade levels and academic standards are targeted on a rotating basis throughout the 26 lessons. Plus! Educators who enroll in this course will have the rights to utilize the videos and online lessons right in their classes with their students!

This course awards (5) Act 48 hours to participants who successfully complete all online lessons and submit a related standards-based lesson plan.

Only \$15

This WQLN Q-Campus course is designed for educators in need of Act 48 training. Unlike traditional face-to-face training which requires giving up evenings or weekends, this interactive course allows the teacher to participate in training at a time convenient for their schedule. Study from home, at work, or during your lunch-break!

This course provides a multi-media mixture of video*, PowerPoint lessons, scrolling text, additional resources and activities. Participants are instructed by the course leader on how to proceed through the on-line course and how to best utilize resources. The course can be accessed through any Internet connection, on any compatible computer.

**Q-Campus on-line courses have the unique ability to address the needs of learners with either dial-up OR broadband Internet access. This unique feature benefits those who normally are restricted from participating in video-based online training due to dial-up access or network administrator restrictions on high bandwidth streaming.*
