M is for Moose

Related Language Arts Lesson November 1, 2021 on WQLN PBS

How to Make

Materials:

- Brown paper (or you can use a brown paper bag or the inside of a cereal box)
- White paper
- Dark-colored marker or crayon
- Scissors
- String or yarn
- Glue stick, other glue, stapler, or tape

Directions:

1. Cut out a peanut shape for Moose’s head.
2. Cut out antlers, or trace your child’s hands for antlers.
3. Decide whether you are making Moose’s name or your child’s name. Cut out a white rectangle for each letter in the name.
4. Cut out white ovals for eyes, or you can use googly eyes.
5. Glue or tape the antlers to the top of Moose’s head on the back.
6. Have your child draw pupils on the eyes and glue them on the head about halfway down. Have your child draw a nose and mouth.
7. Tie the string to one antler and drape across to the other antler.
8. Fold the small rectangles in half. For the name, write one letter on each rectangle. Fold over the yarn, and glue.
9. Once all the letters are attached, tie the other end of the yarn to the other antler.

Grownups, you may need to precut the pieces and assist with writing letters, depending on your child’s ability.

Only One Me Picture Frame

Related Math Lesson November 2, 2021 on WQLN PBS

How to Make

Materials:
- Paper plate
- Markers or crayons
- Tape or glue
- Picture(s) of yourself

Directions:
1. Turn your paper plate over to the back.
2. Tape or glue the picture(s) of yourself anywhere on the back of the paper plate.
3. Using your markers or crayons, decorate your plate as desired.
4. Your plate frame can be hung on a refrigerator, or you can attach string to it and hang it on a wall.

Musical Shakers

Related Science Lesson November 3, 2021 on WQLN PBS

How to Make

Materials:
- Paper towel roll or toilet paper roll
- Markers
- Stickers
- Press and Seal wrap
- Macaroni and cheese noodles

Directions:
1. Get all the materials out.
2. Decorate your paper towel roll or toilet paper roll with markers, stickers, paint, or whatever you have available to you. We are all artists—it can be different!
3. Take a small piece of Press and Seal wrap and cover one end of your roll.
4. Fill the inside of your roll with a small amount of macaroni and cheese noodles.
5. Take another small piece of Press and Seal wrap and cover the other end of your roll.
6. Ta-da! You just created your own musical instrument that we use our hearing sense for.

You Are Special

Related Social Studies Lesson November 4, 2021 on WQLN PBS

How to Make
Materials:
- Paper
- Crayons, paint, or markers

Directions:
1. On a piece of paper, draw a picture of yourself.
2. Add details of color of skin, hair, and eyes.
3. Draw things around you that you love (favorite toy, book, song, food, color, etc.)
4. Celebrate all of your favorite things and talk about all the things that make you so special.

Fingerprint Creatures

Related Special Education Lesson November 5, 2021 on WQLN PBS

How to Make

Materials:

- White paper
- Stamp pads of different colors
- Black magic marker
- Paperclip

Directions:

1. Put your finger on a stamp pad color of your choice. Make sure the ink covers where your fingerprint is on your finger.
2. Press your finger onto the white paper. A good way to do this is to roll your finger so you can see the lines of your fingerprint better.
3. Continue this process using different colors and different fingers.
4. Allow to dry.
5. Look your fingerprints over and see what kind of creatures you can draw onto your fingerprints with your black marker.
