How to Make

Materials:

- Scissors
- Glue stick
- Construction paper
- Pre-cut shapes

Directions for Project 1:

1. Use your pre-cut shapes to form a variety of items. You can try a house, car, flower, or mouse.
2. Glue the shapes to the paper.

Directions for Project 2:

1. Glue large square or rectangular colored paper to a background paper.
2. Using your scissors, "draw with your scissors" like Matisse to create an underwater scene. Make items like sand, fish, coral, and seaweed.
3. Glue pieces to background. Try to overlap shapes.
