Mr. Panda's Donuts

Related Language Arts Lesson Airs October 25, 2021 on WQLN PBS

How to Make

Materials:

- Brown paper lunch bag
- Scissors
- Shaving cream
- Liquid glue
- Washable brown paint (optional)
- Kitchen sprinkles or construction paper confetti pieces
- Paper plate or bowl
- Spoon
- Paper doily (optional)

Directions:

1. Using scissors, cut off the bottom of the brown paper lunch bag.
2. Once the bottom has been removed, open the remaining part of the bag. Gently roll up the bag to form the paper donut.
3. Once the donut is formed, it is time to decorate!
4. To make the "frosting," combine equal parts glue and shaving cream. Mix well and add the brown paint for "chocolate frosting," or leave out the paint for "vanilla."
5. Spoon "frosting" onto the top of the donut. While still wet, add construction paper confetti pieces or sprinkles from your kitchen.
6. Once dry, the donut can be glued to a paper doily as a plate if desired.
