How to Make

Materials:

- Paper towel roll or two toilet paper rolls
- Crayons or marker
- Glue or tape
- Yarn
- Single hole puncher

Directions:

1. If you are using a paper towel roll, cut it in half. You will need to have two pieces.
2. Get out your crayons or markers to decorate your two tubes.
 - Feel free to add other decorations that you may have at home.
3. Tape or glue the two tubes together.
 - Use your single hole puncher to punch or scissors to put a hole on each tube. The hole should be on the outside of the tubes.
4. Take your yarn and pull one end through one of the holes.
5. Use a piece of tape to tape the yarn in place.
6. Take the other end of the yarn and pull it through the other hole on the other tube.
7. Use another piece of tape to secure the yarn on the other tube.
8. Voila! You now have your very own binoculars.
