

Miss Sarah's Learning at Home Activity Bouncy Balls

Related **Science Lesson** November 17, 2021 on WQLN PBS

How to Make

Materials:

- 1 cup hot water
- 1 TBSP Borax
- 1 TBSP Elmer's Glue
- Food coloring or colored glue

Directions:

1. Heat up 1 cup of water until it is warm.
2. Mix in borax and stir until dissolved.
3. Pour in glue and stir until it begins to form together.
4. Remove borax and glue mixture and roll in hand to form ball.
5. Allow ball to dry.
