How to Make

Materials:

- Cardboard
- Paint sample cards of red, yellow, and blue from the local hardware store
- Construction paper
- Scissors
- Glue
- Markers or crayons

Directions:

1. Cut the piece of cardboard into the shape of a house.
2. Draw and color a front door on the house.
3. Draw different neighborhood items on the paint sample cards and cut them out.
4. Fold squares of matching colored paper in half and draw windows on them.
5. Glue one neighborhood item to hide under each window.
6. Glue the windows on to the house so the flaps lift to expose the neighborhood items.

*It might even be fun to design your own house!!*
