Ms. Heather's Learning at Home Activity
Foil Ocean Art

ELA Lesson Airs April 12, 2021 on WQLN PBS

How to Make

Materials:
- *Cardboard Poster Board
- Aluminum Foil
- Tape
- Paint
- Q-tips
- Glitter (optional)
- Construction paper for cutout fish
- glue

*I bought mine from The Dollar Tree and cut it into fourths

How to make:

1. Wrap a piece of foil around your piece of cardboard. Tape the foil (on the back side of the cardboard) into place.
2. Squeeze paint onto the foil and swirl the paint around with a q-tip
3. Add glitter (optional)
4. Once the paint is dried, glue fish to your ocean scene.

Number Fishing

Related Math Lesson Airs April 13, 2021 on WQLN PBS

How to Make

MATERIALS:

- Paper
- Coloring Items
- Stick
- Ribbon or String
- Magnet
- Paperclips
- Tape or Hot Glue
- Laundry Basket
- Blue blanket, tarp, carpet, or tablecloth (optional)

DIRECTIONS:

1. Cut out fish shapes, color, and add either numbers or dots to each.
2. Place a paperclip on each fish.
3. Find a stick, tie a piece of ribbon or string to it.
4. Attach a magnet to the end of the ribbon or string with either tape or hot glue.
5. For water, put down a blue blanket, tarp, carpet, or tablecloth.
6. Lay the fish on the floor.
7. Have your child sit in the laundry basket (“boat”) and go fishing!
8. Try matching the number fish to the dot fish.

Save the Sea Turtle

Related Science Lesson Airs April 14, 2021

How to Make

Materials:
- Paper
- Dark colored marker or crayon
- Watercolor paint, crayons, or markers

Directions:
1. Look at the oval shape of the turtle shell. Using your dark colored crayon or marker, draw an oval.
2. Draw the head of the turtle.
3. Draw front flippers and draw hind flippers.
4. Draw a little triangle tail.
5. Draw eyes and a mouth on the head of the turtle.
6. If you want, decorate the shell with shapes.
7. Paint or color your turtle any way you want.

Sea turtles need our help! Have your grown up help you write a message about saving sea turtles on your drawing. Limit your use of single use plastics that end up in our oceans and encourage others to do the same!

5 Ways You Can Use Less Plastic
1. Use reusable shopping bags when you go to the store.
2. Fill up a reusable water bottle instead of buying water in throwaway plastic bottles.
3. Say no to straws. Don't use a straw or bring a reusable straw.
4. Get a cone for your ice cream instead of a plastic dish and spoon.
5. Never litter! Help out by cleaning up litter when you can.

Sea Creature Mobile

Related Social Studies Airs April 15, 2021 on WQLN PBS

How to Make

MATERIALS:

- Photos of different sea creatures
- Card stock
- Scissors
- Glue
- Marker
- Hole punch
- String
- Hanger

DIRECTIONS:

1. Cut photos out of magazines of different sea creatures.
2. Glue the photos onto card stock and cut around each one.
3. Use the hole punch to make a hole in the top of each photo card.
4. Write the names of the creatures on the other side of the cards.
5. Cut out different lengths of string for each creature.
6. Tie the strings onto a hanger.
7. Hang your mobile somewhere high to enjoy the sea creatures spinning around you.

Handprint Hermit Crab

Related Math Lesson Airs April 16, 2021 on WQLN PBS

How to Make

Materials:

- White paper or paper plate
- Paint
- Googly Eyes
- Pipe cleaner
- Glue or tape
- Pencil
- Scissors
- Cotton balls
- Glitter

How to make:

1. Apply paint to your child’s left hand and press it onto a piece of white paper allow to dry and cut out
2. Dab cotton in paint and lightly dab onto the hermit crabs shell (paper plate or white circle cut out of paper). Allow to dry.
3. Cut a small piece from the pipe cleaner and fold in half for the antennae.
4. Glue eyes to the top of the antennae.
5. Attach the handprint to the shell of the hermit crab so that the fingers are pointing downwards. Attach the thumb to the back of the hermit crabs shell
6. Glue or tape the pipe cleaner to the back of the handprint so that the eyes stick out above the handprint.
