**Miss Tara’s** Learning at Home Activity

Flower Rings

---

Related **ELA Lesson** Airs May 3, 2021 on WQLN PBS

**How to Make**

**Materials:**

- Paper plates
- Scissors
- Tape and glue
- Colorful cupcake papers of different sizes
- Candle or flower arrangement

**Directions:**

1. Cut out the inside circle of a paper plate.
2. Use scotch tape to repair the circle ring.
3. Choose different sizes, shapes, and colors of cupcake papers to decorate your ring.
4. Glue them on using your imagination.
5. Put a candle or flower in the middle and place it on a table or on your head as a flower crown and enjoy!!

Making a Rock Ladybug

Related Math Lesson Airs May 4, 2021 on WQLN PBS

How to Make

MATERIALS:
- Rocks
- Paint
- Marker
- Construction Paper
- Scissors

DIRECTIONS:
1. Use a marker to draw the black ladybug heads.
2. Paint the rest of the ladybug red, or any fun color you would like.
3. While waiting for it to dry, draw and cut out a giant leaf. Make five circles on the leaf and write one number in each circle from one to five.
4. When dry, use a marker to draw a line down the ladybug’s wings, and then add the dots, making sure to have the dots match a number you wrote on the leaf.
5. Place the dots to the correct ladybug for a fun little game.
6. When you are done playing the game, you can add the ladybug rocks to your own garden, for a fun addition!

Green Leaf Ladybug Counting

MATERIALS:
- Small pebbles, red scraps of paper or toy ladybugs.
- Green construction paper

DIRECTIONS:
1. Find tiny pebbles (can paint them red), small red scraps of paper or tiny toy ladybugs.
2. Cut green leaves from construction paper and write a number on each leaf.
3. Have your child put the matching number of ladybug pebbles on each leaf.

Dandelion Craft

How to Make

Materials:

- Cotton Ball
- 6 Q-Tips
- Green Pipe Cleaner (stem)
- Glue
- Crayons

Directions:

1. Ask your grown up if they will help you find the materials above.
2. The first step is to fluff the cotton ball out to make the center of the dandelion.
3. Grab about (6) Q-Tips to use for around the cotton ball.
4. You will then break the Q-Tip in half using your hands. Make sure your grown-up is present to help break the Q-Tips.
5. After all the Q-Tips are broken, you will glue the cotton part of the Q-Tip to the paper. Place the stem portion of the Q-tip as close to the cotton ball as possible.
6. Place the Q-Tips around the cotton ball to form a full dandelion.
7. Once all the Q-Tips are glued, glue the green stem to the bottom of the dandelion.
8. If you do not have a green pipe cleaner, you can use a green straw or make a line with a green marker or crayon.
9. You can then add the sun, grass, soil, or roots to your picture!

Making a Seed Pod

Related Science Lesson airs May 7, 2021 on WQLN PBS

How to Make

Materials:

- Newspaper or any type of used old paper.
- Packets of flower seeds
- Water
- A big bowl
- A blender
- Colander
- Cookie cutters or cupcake pan

Directions:

1. Have the kids rip the paper up in very small pieces into the bowl.
2. Add water to soak the paper.
3. Let the paper soak for a while.
4. Put small amounts into a blender to make it mushy.
5. Put through a colander to drain most of the water.
6. Put it back into a bowl and add the flower seeds.
7. Mix up with your hands and make shapes with the cookie cutters or cupcake pan.
