

Glasker and the Danger Twins
by Kurt Joseph Larimer

One day they were riding on their Pegasus, but they were stopped by the villain, Glasker. Glasker doesn't like them, and he transported them to a ghost cave!

They explored the cave and came across a gigantic, spooky ghost!

They were trapped, but saw a magical spyglass that turned the ghost into a raincoat.

As they continued exploring they found goodies and a chest full of treasure. There was a magic compass that can do anything, and they used it to get out of the cave. They went to...

Candy World!!
