The Great Game Mix Up

By: Aidan Ploess
One day Mo had to go to two different games at once. He did not know what to do.
He was mad because both of the games were scheduled at the same time.
Should MO go to soccer or baseball?
He likes soccer because he likes to run and kick balls.
He likes baseball because he likes to swing bats and catch balls.
Mr. Puts on his #3 jersey. He packs his ball and water bottle.
Mo ends up at the soccer field to play his game because he will play baseball at home later.
The game is tied. Mo is battling someone for the ball. Mo is really trying to get the ball.
Mo took the ball to the goal, he scored! Mo's team won! He is happy that he went to soccer!
Time for baseball fun in Mos's backyard.
